04/2010 vers. BMS LLC

Effective January 1, 2011, Over-the-counter items will no longer be considered eligible expenses for reimbursement under a Health Savings Account unless they are accompanied by a Doctor's prescription. If you elect to use your Account for these expenses, please maintain a copy of your Doctor's prescription as proof of this expenses in case of IRS Audit. Using your HSA for non-qualified medical expenses are subject to a 20% tax. This is due to recent changes in the regulations and Healthcare Reform.
